

Bilag 2 Søgehistorik

PubMed

Der er initialt søgt på følgende søgetermer: Child, children, pediatric, paediatric, neonate, preterm, infant, baby, analgesia, analgesic, acute pain, procedural pain, postoperative pain assessment, Evaluation, intensity, measure, metric, rating, reliability, scale, score, tool, validity or validation , procedural pain post-operative, medical procedure postoperative, procedure operation.

Kombinationer af AND, OR og NOT. Se venligst Prisma Flowcharge Bilag 1.

Supplerende er søgt på specifikke redskaber. Resultater angivet her:

Wong and Baker FACES Pain Scale: - børn fra 3-18 år

Database	Søgestreng	Hits	Antal valgt
PubMed	Wong[Title] AND Baker[Title] AND FACES[Title] AND Pain[Title] AND Scale[Title]	3	2
Cinahl	do	23	0
